Groundbreaking Planned for November 14

Members of the campus community are invited to come to a groundbreaking ceremony on **Monday, November 14, at 1:30 p.m.** near the main entrance of the Mailman Trades Building.

There will be a brief presentation to kick off the underground piping project that will connect the Mailman Trades Building to the Christie Complex, so that it can get heat from the new biomass boiler that will be installed in the Christie Building.

The boiler will supply heat to 170,275 square feet and is anticipated to replace more than 65% of the College's fuel oil consumption with locally and sustainably harvested wood pellets (a carbon neutral fuel). This will not only save the College considerable amounts of money, but is also the equivalent of more than 100 cars being taken off the road.

If your schedule allows, please join us as we break ground for this exciting new project.

Jason Parent and Shannon Cook Recognized for Efforts

Congratulations to Jason Parent and Shannon Cook for each receiving this year's Eagle Award during the Foundation Annual Dinner on November 3 in recognition of all they have done over the past few years for the Foundation, particularly in the area of donor relations and the new alumni organization. Presenting the award are Brian Hamel (left), outgoing chair of the Foundation board, and NMCC President Timothy Crowley.

Basketball Season Underway

The NMCC Falcons play their first game of the season tonight (November 7) in an away game in Bangor against UM-Augusta. Their first several games are away, so we won't get a chance to see them play on their home court this semester, but best of luck to the team as they travel downstate for play!

Playing for the Falcons this season are: Joe Buckley, Spencer Conrad, Nathan Farley, Sam Joy, Frank LaFave, Jacob Lassonde, Alex Myers, Jonathan Post, Colton Rennie, Doug Sharpe, and Matthew Till.

Skating at the Forum...

Students who present their NMCC student ID card at the door can skate for free at the indoor rink at the Forum. Call the Forum for times at 764-0491.
