Benefit Supper for NMCC Dining Services Employee

Aroostook County – There will be a benefit supper in support of county resident, friend, and colleague Frank Labbe in the Reed Dining Commons at Northern Maine Community College on Friday, April 20th, beginning at 5:00 p.m.

Labbe, a Caribou native and active Elks Lodge member, is currently receiving needed medical treatments. Labbe graduated from the college in 1986, earning a degree in automotive technology. While attending school, Labbe was a work study student for the college's campus dining services, ultimately beginning his career and dedication to the students and employees at NMCC for more than 30 years.

“Frank has been the heart and soul of the dining services for many years. Any time you run into him on campus he always has a smile on his face,” said Krissy Williams, NMCC senior business administration student. “He has provided the NMCC campus and those hosting events here with friendly, professional, and passionate service. This is the opportunity for people to make a difference and to give back for what he has done all these years.”

The community is invited and encouraged to attend this benefit. Donations will be accepted at the door, which opens at 5:00 p.m. The menu for the evening will consist of spaghetti, garlic bread, Caesar salad, and an assortment of desserts.

During the supper there will be a 50/50 raffle, along with a raffle for a garden basket. There will also be an opportunity for those in attendance to help in creating a quilt for Labbe. They can design a block with a unique message, send him a get well wish, or draw a funny picture to make him smile.

Come out and show your support for Frank Labbe on Friday, April 20th, in the Reed Commons on the NMCC campus.
