NMCC to offer High Pressure Boiler Operator course

Aroostook County - Northern Maine Community College will be offering a 16-week High Pressure Boiler Operator course on Tuesday evenings, beginning March 6.

In addition to providing the knowledge and techniques necessary to operate high pressure boilers and associated equipment, this 3-credit course will prepare students to operate and maintain a steam generating plant in a safe and efficient manner. Course emphasis is on boiler classification, design, accessories and theory of operation, as well as State of Maine boiler rules.

The High Pressure Boiler Operator course meets the education requirements necessary to take the State of Maine High Pressure Boiler Operator exam. This class will run every Tuesday from 6:00 – 9:00 p.m. on March 5 to June 18.

For more information or to register, contact NMCC's continuing education division by calling (207) 768-2845 or by e-mailing npoulin@nmcc.edu. The registration deadline is March 4.
