Student Constructs New Information Signs

Shane Ellis, carpentry student from Presque Isle, stepped up to provide the College with new sign holders. The old sandwich signs had outlived their usefulness, so a request was made to Instructor Frank Pytlak to construct new ones. Ellis, a first-year carpentry student, created the design that is on wheels for portability and has acrylic plexi-glass on both sides which will protect directional signage when used outside. Ellis' handiwork

will benefit the College for many years... Thanks, Shane!!
