Safety Committee Minutes

June 17, 2020

Zoom Meeting

Attendees: Jon Blanchard, Pam Buck, Tim Crowley, Courtney Cyr-recorder, Bill Egeler, Andrew Gagnon, Peter Goheen, Lee Griffin, Joan Haines, Beth Hummel, Barry Ingraham, Dottie Martin, Linda Mastro, Rob Ottaviano, Tom Richard, Mike Williams

Absent: Loren Gordon, Lori Keith, Kord Putnam, Bob Rice, Trena Soucy, Shari Ward

New Business

- I. Re-opening Plan renamed Safety Plan for Start of Fall Semester
 - a. MCCS-Led Planning and Guidance document was distributed to the committee
 - i. This guide will help us create our plan
 - b. There is a big push to move more courses online
 - c. Each academic area needs to create a plan
 - i. Must include what you will be implementing or have already implemented
 - d. Courtney will be the collection point for plans from all areas
 - e. Goal is to have a draft of the entire plan by the end of June
 - i. Basically looking for a checklist
- II. Updates from each area
 - a. Events
 - i. Currently closed to all off campus groups
 - b. Testing Center
 - i. Information is sent to testers ahead of time
 - ii. Sign posted outside of testing center that students are requested to read before entering to check in with Angela
 - iii. Some testing stations have been taken out of use to maintain 6ft distance
 - iv. Desk shields and extra hand sanitizers
 - c. Student Affairs
 - i. Signage has been in place
 - ii. Added UVC lighting to all waiting areas with the expectation it will be done nightly
 - iii. Frontline clerical staff have received shields
 - iv. Have discussed with Lee the additional requirements for hand sanitizer
 - v. No touch thermometers and PPE on order
 - d. Health Center
 - i. Has received shields
 - e. Business Office
 - i. Going to try to minimize paperwork being handled at the window

- 1. One way to accomplish this is by completing less money transfers have students transfer more at the beginning of the semester instead of returning an additional time(s) to have more transferred
- f. IT
- i. Draft plan has been created
 - 1. How staff will work on computers
 - 2. What cleaning needs to be done when working on equipment
 - 3. How we will interact with students, vendors, and contractors
- g. Facilities
 - i. Custodial piece done
 - 1. Was previously distributed to committee
 - ii. Working on Maintenance part
 - 1. How they're going to handle working in certain areas (i.e. office vs resident hall vs common area)
 - iii. Actively working on requests from other areas in regards to sneeze guards and barrier chains
 - iv. Ordered hand sanitizer dispensers
 - 1. Lee would like to get with each area to outline where these need to be placed in order to find out if more need to be ordered as they are a long lead time item
- h. Security
 - i. Peter is working on a plan
- i. Wellness Center
 - i. Received guidelines for gyms from the state (14 pages long)
 - 1. Masking
 - 2. Capacity
 - 3. Will have to shut down locker rooms
- j. Residential Life
 - i. Taking into consideration student move in time and day to day life once students are moved in
 - ii. Referring to the NMCC Emergency Response Plan, CDC state guidelines, and using MCCS ideas to build plan
 - iii. Communicating with colleagues at UMPI to see if we're on the same page and exchange ideas
- III. Meet next week to start going over draft plans
- IV. Once plan is finalized we will submit to System Office
- V. Screening individuals
 - a. As of now there is no plan to screen students
 - b. We will talk about screening employees (i.e. temperature taking)
- VI. Look at signage for areas where 6ft distance can't be maintained (i.e. tight corners in hallways)

Next meeting: Wednesday, June 24th

Attachment: MCCS-Led Planning and Guidance

MCCS-Led Planning and Guidance

Guidance	Key Staff	To be addressed
Training	Amy, Rob, Janet, Dan	
Resource Gathering	Becky	
Establishment of key public health and government contacts for consultation, guidance, resources, etc.	Becky, Dave	
Public health guidelines		
Health screening protocols	Amy, Becky, Rob	Screening questions. Confidentiality. CBU's. Who administers? When? How often? Where? What happens when someone responds yes to a question? Temperature checks? (same questions apply)
Testing protocols	Amy, Becky	Confidentiality. Where can tests be administered? For what purpose? When and how often? Who pays?
Testing procurement and distribution	Becky	Can we/do we acquire a supply of testing equipment? Self-administered? If not, by whom? How do we distribute (initial supply to each college? On-demand?) Where are tests analyzed? What's the turn-around time?
Support of contact tracing	Becky, Rob, Amy	Who? How? Establishment of public health partnership—systemwide or by college? Attendance policies/practices (for students, employees, visitors, vendors, etc.)
MCCS Human Resources Policy and Prot	ocols	
Paid time-off/leave guidance	Rob	Do we need to revisit? <u>https://www.mccs.me.edu/wp-content/uploads/MCCS-employee-guidance-</u> <u>3.18.20.docx-1.pdf</u> <u>https://www.mccs.me.edu/wp-content/uploads/MCCS-employee-guidance-</u> March-26.pdf
Work from home policies (maximizing WFH opportunities)	Rob, Presidents	Protocols for high-risk individuals and close contacts of high-risk. Staggered return to offices (25%/50%)? Timeline for return. At direction of System or college?
Coordination of MCCS and college protocols with CBUs.	Rob	Use of PPE, faculty workload, employee reassignments, screening protocols, contact tracing support

Finances/budgeting		
Budget considerations	Rob, Presidents,	Payment for additional sections to minimize class size? Replacements for staff
	Pam	who are out sick/unable to work. Increased facilities staff for new protocols
Federal funding	Pam/Dave	
Bulk purchasing of PPE and other	Pam	
essentials		
Foundation and philanthropic support	Dave/Fitz	
Legal		
Analysis of Executive Orders, Federal	Amy, Sally	
law, municipal orders, OSHA, ADA		
Development of Community Pledge to	Amy	How will this be distributed? Collected? Required?
follow policies on social distancing, face		
covering use, handwashing, and		
sanitizing.		
Communications	1	
Guidelines and resources for responding	Becky, Noel,	Drafting of step-by-step response guidelines including communication templates,
to and communicating about COVID-	Helen	health and safety responses, contract tracing, coordination with public health and
positive or presumed positive.		health care partners, & facilities management.
Communications to	Noel, Helen	
statewide/systemwide audiences		
(including all Board related		
communications)		
Communications/messaging support to	Noel, Karen	
the colleges (signs, video messages,		
emails, FAQs, MyMCCS, media, etc.)		

Required Elements of College Plans

Leadership Plan		
College's COVID leader	Name, title, contact information*, plan for informing all students and staff,	
	alternative contact	
Chain of command	Name, title, contact information	
COVID response team	Names, titles, area of responsibility regarding COVID, contact information	
Local medical provider for 24/7 on-	Name, hospital affiliation, status of relationship (pending? established?)	
campus support/consultation		
Local hospital for surge capacity and	Name, status of relationship (pending? established?)	
planning		
*Contact information to include cell, hom	e phone (when available), and email	
Communications plan		
College Spokesperson(s)	Name, title, contact information; guidance to college community re: who can	
	speak on behalf of the college and where questions from the media should be	
	referred	
Plan for communicating with students	Timeline, content, methods of communication (email, text, social media,	
and staff before return to campus re:	portal, website, etc.)	
safety protocols, expectations, support		
for contact tracing, and Community	**Note: SO drafting Community Pledge	
Pledge**		
Plan for messaging to vendors re: COVID	Expectations, restrictions, methods of communication, to include practices in	
protocols	place to support contact tracing	
Plan for messaging to visitors	Expectations, restrictions, methods of communication, signage, to include	
	practices in place to support contact tracing	
Plan for responding to and	Under development by SO in consultation with presidents	
communicating about COVID-positive or		
presumed positive.		
Health and Safety Plan	1	
Health screening protocols	Under development by SO in consultation with the colleges; college plans will	
Testing protocols	need to include how these protocols will be implemented on campus.	
Testing procurement and distribution		
Support of contact tracing		
Guidance on prevention and hygiene	Plan for distributing, posting, and training.	

Personal protective equipment	Face mask requirements. (Must conform to state's Executive Order.)	
	Requirements for use of other personal protective equipment (i.e., gowns,	
	gloves, eye protection, face shields, etc.) by department. SO will consult with	
	MEMIC for additional guidance.	
Social/emotional health	Plan for addressing and supporting students and staff with available (or	
	additional) resources.	
Group gatherings	Plan for any public gatherings and events; size, social distancing, guidelines to	
	determine what, if any, gatherings are allowed. At a minimum, must comply	
	with <u>State guidelines</u> .	
Facilities		
College points of entry and checkpoints		
Hand sanitizer stations	Locations. Plans for refilling.	
Social distancing	Plan for social distancing and actions that need to be taken to support it in	
	classrooms, labs, common spaces, offices and outdoors.	
Cleaning protocols	Plan should incorporate OSHA and CDC protocols; how protocols will be	
	implemented (within departments, in addition to work of facilities staff);	
	schedule for disinfecting/cleaning; procurement, inventory, storage, and	
	distribution of supplies if different from normal operating procedures; plan for	
	cleaning instructional equipment between each use (students? Faculty?).	
Post-infection protocols	MCCS will look for resources	
Traffic flow and scheduling	Traffic plan (including signage and floor markings to support social distancing)	
	and plan for developing class/work schedules that minimize people on campus	
	and enable social distancing and allow time between class sessions for	
	cleaning/disinfecting.	
Custodial staff	Plan for training, supporting, encouraging reporting and suggestions. Clarity	
	around what is and isn't expected and required. (SO will consult with MEMIC	
	for additional guidance.)	
Academic Planning		
Course-delivery overview	Nature of coursework that will be taught remotely and the coursework that	
	must be taught through face-to-face instruction.	
Department-level plans for safe delivery		
of face-to-face instruction	temporary shut-down and 2) during a long-term shut-down resulting from an	
	outbreak on campus or in the community.	

Plan for addressing needs of students	To include appropriate work and study accommodations that protect health		
from vulnerable and high-risk	and support distancing		
populations			
Assessment strategies for students using			
remote instruction methodologies.			
Changes in attendance policies	Should support contact tracing and accommodate students who are sick or		
	may need to quarantine.		
Allowable class size			
Human Resource and Staffing Plan			
List of staffing assignments and back-ups			
to ensure continuity of operations			
Additional staffing needs/reassignments	Areas to consider: cleaning, testing, screening, student supports, instruction		
for COVID compliance			
Residential Housing and Student Life			
Residential Life considerations: this list to	be reviewed and further developed by Residence Planning Sub-group. Are there		
additional elements that need to be consid	dered and included in each college's plan for residential life?		
Residential staffing plan			
Room capacity			
Bathrooms			
Shared spaces			
Traffic flow	·		
• Expectations for residential students and development of residential "contract" (among other things: creation of a			
campus "bubble"? travel during fa	Ill break and Thanksgiving?)		
Communications plan for resident			
Access to 24/7 medical provider			
Housing assigned by academic pro	Housing assigned by academic program?		
College sponsored residential social life/activities			
Signage and floor markings indicating 6-foot distancing			
Accommodations for at-risk stude	Accommodations for at-risk students		
Isolation of sick residential students			
Screening protocols and plans			
Testing protocols and plans			
Responsibility for disinfection (stu	dents/staff)		

Dining and Food Service	Areas to consider: staffing, facilities, food pantries and vending. Must, at minimum meet state restaurant guidelines for locality.
Plan for supporting remote activities of clubs and extracurricular activities	Include plans for allowing any on-campus, in-person activities.
Athletics	
Plan and justification for restarting athletic programming	Include scope of activities for each sport
Plan for meeting all US CDC and MeCDC and DECD guidelines for facilities, gatherings, etc.	
Plan for complying with all league COVID guidelines	
Plan for meeting all college health and safety protocols (including face coverings, social distancing, etc.)	
Transportation and Travel	
In-state travel	
Out-of-state travel (personal and professional)	Must meet <u>State Guidelines</u>
Use of college vehicles	
Contingency Operations	
Plan in case of community spread that requires orderly shut-down of campus

MCCS/SO Plan to Include

Leadership Plan		
Infectious Disease Response Team	List to include title, member's key area of COVID responsibility, cell and email contact info.	To be shared with SO staff, college presidents, key state and public health agencies.
Designated Spokespeople		
SO staff backup plan	List to include title, areas to be covered, cell and email contact info.	To be shared with SO staff, college presidents and managers.
Communications Plan		
MCCS communications plan to include:	Noel	
Communications to: • System Office staff • All-employees • Board communications (frequency, method) • Media	For each: purpose, frequency, method	
Communications protocol for responses to COVID-positive cases	Under development	
Updated contact list of key public health and state agency contacts	Tandy, Becky	
Debriefing	lessons learned, revised protocols, communications and acknowledgments
