

Welcome to Campus

Approximately 30 new students joined the NMCC campus community this week, as an orientation and the first classes got underway on March 9 for a special "semester" geared toward meeting the needs of displaced workers in the region. The new semester is being coordinated through NMCC's continuing education division.

The goal is to get the students to complete courses which are common in most academic programs in the special and coming summer semester, and get them on track to begin coursework in their selected area of study when a new sequence begins in those programs this fall.

Please join in welcoming these students to campus... and if you see anyone who looks a little lost, please take the time to stop and ask if you can help!!

Congratulations...

Congratulations to the students who won prizes at the Senior Make Over Day held on campus last week. Winning a \$25 gas card were: Jeremie Smith, Shelby Hallett, and Ashlee Ouellette, while Leanne Klinger was the winner of the Satin Hands by Mary Kay.

Thank You...

I'd like to extend many, many thanks to everyone who helped make Senior Make-Over Day a huge success! So many people gave of their time, talent and energy. This truly is an event that takes an entire year to pull together, and would be impossible without the support of the campus community. A special "thanks" goes out to senior business student, Jeri St. Peter and to Cindy Albert, whose attention to detail and tireless efforts made this year's event exceptional.

Senior Make-Over Day Coordinator*

This is a great way to build your resume and launch your career while gaining a new perspective on your talents.

Internships can be used as a general elective for most of our college programs. Why not do an Internship? Gain up to 3 credits toward your program of study.
